

# EX-PTZ T SERIES

## EX PTZ Thermal Camera 316L

### DESCRIPTION

The EX-PTZ T camera housing is a rugged corrosion proof thermal PT camera station designed for use in hazardous areas in onshore, offshore, marine and heavy industrial environments. The housing is not sold separately, it is only available in combination with a Siqura TC-336 and TC-640 thermal module, and a interface (INT-RJ/SM/MM)

### FEATURES

Corrosion protected 316L stainless-steel

ATEX and IECEx certified for gas and dust

Grid protected germanium window (diameter 50 mm)

Suited for 9, 13, 19, 25, 35, 50 mm thermal lenses

IP66 / IP67

Integrated power supply (24, 115 or 230 Vac)

Integrated heater

Electro-polished 316L sun-shield

Optional direct to fiber

Low maintenance

## Description

### Thermal imaging

The EX-PTZ T is fitted with a germanium window, which makes the camera suitable for long-wave infrared (LWR) thermal imaging. Siquira's TC-336 and TC-640 thermal modules are made to fit this camera. Its window size (50 mm in diameter) make it suitable for 9 mm up to 50 mm lenses.

### Corrosion free 316L construction

The EX-PTZ T housing is designed for thermal imaging in hazardous areas in onshore, offshore, marine and heavy industrial environments. 100% of the camera housing is made of corrosion proof 316L steel, protected against salty and sulfur rich environments. The hard carbon coated germanium window is additionally protected by a 316L grid.

### ATEX and IECEx certified

The EX-PTZ T is fully ATEX and IECEx certified for hazardous areas zone 1 and 2 for gas and zone 21 and 22 for dust. The certification includes the thermal module from the TC-336 or TC-640 series and a 5 or 10 m multicable cable tail as defined by INT-RJ, INT-SM, or INT-MM.

### Integrated heater

A built-in heater regulates the humidity inside the camera and prevents ice or condensation forming on the germanium window.

## Mechanical

Certification	ATEX; IECEx
Rating	Ex db op pr IIC T6 Gb -40°C Tamb +60°C
	Ex tb III C T85°C Db -40°C Tamb +60°C
	Ex db op pr IIB T5 Gb -40°C Tamb +75°C
	Ex tb IIIC T100°C Db -40°C Tamb +75°C
Ingress protection rating	IP66 / IP67
Body material	Electro-polished 316L stainless steel
Window	AR/DLC germanium window
- Size	diameter 50 mm; with protective grid
Sunshield	Standard
Rotation	360° Continuous rotation
Tilt angle	+90° to -90°
Variable speed	up to 36°/sec pan and 18°/sec tilt (peak)
Backlash	0.1°
Preset accuracy	0.04°
Operating temperature (Tamb)	-20 °C to +75 °C (-4 °F to +167 °F)
Relative humidity	5% to 100%
Cable entry	1x M25x1.5
Weight	32.5 kg
